(1) Regulation S-B under the Exchange Act, defines a beneficial owner of a security as any person who, directly or indirectly, through any contract, arrangement, understanding, relationship, or otherwise, has or shares: (i) voting power, which includes the power to vote, or to direct the voting of shares; and (ii) investment power, which includes the power to dispose or direct the disposition of shares. Certain shares may be deemed to be beneficially owned by more than one person (if, for example, persons share the power to vote or the power to dispose of the shares). In addition, shares are deemed to be beneficially owned by a person if the person has the right to acquire the shares (for example, upon exercise of an option) within 60 days of the date as of which the information is provided. In computing the percentage ownership of any person, the amount of shares outstanding is deemed to include the amount of shares beneficially owned by such person (and only such person) by reason of these acquisition rights. As a result, the percentage of outstanding shares of any person as shown in this table does not necessarily reflect the person's actual ownership or voting power with respect to the number of shares of common stock actually outstanding on February 22, 2006.

(2) Based upon 41,456,779 issued and outstanding shares of common stock as of February 22, 2006.

Changes in Control

In connection with execution of the Agreement, Hadasit Medical Services and Development Ltd. acquired 4,141,532 shares of our common stock for a purchase price of \$4,141.53 through a private placement that closed on February 6, 2006. Board Meetings and Committees

Our board of directors held no formal meetings during the year ended August 31, 2005. All proceedings of the board of directors were conducted by resolutions consented to in writing by all the directors and filed with the minutes of the proceedings of the directors. Such resolutions consented to in writing by the directors entitled to vote on that resolution at a meeting of the directors are, according to the Nevada General Corporation Law and the by-laws of our company, as valid and effective as if they had been passed at a meeting of the directors duly called and held.

We do not have standing audit, nominating or compensation committees, or committees performing similar functions. Our board of directors believe that it is not necessary to have a standing audit or compensation committees at this time because the functions of such committees are adequately performed by our board of directors.

Our board of directors also is of the view that it is appropriate for us not to have a standing nominating committee because there is currently only one director on our board of directors; this one director has performed and will perform adequately the functions of a nominating committee. The sole director on our board of directors, who performs the functions of a nominating committee, is not independent because he is also an officer of our company. The determination of independence of directors has been made using the definition of "independent director" contained under Rule 4200(a)(15) of the Rules of National Association of Securities Dealers. Our board of directors has not adopted a charter for the nomination committee. There has not been any defined policy or procedure requirements for stockholders to submit recommendations or nomination for directors. Our board of directors does not believe that a defined policy with regard to the consideration of candidates recommended by stockholders is necessary at this time because we believe that, given the early stages of our development, a specific nominating policy would be premature and of little assistance until our business operations are at a more advanced level.

There are no specific, minimum qualifications that our board of directors believes must be met by a candidate recommended by our board of directors. The process of identifying and evaluating nominees for director typically begins with our board of directors soliciting professional firms with whom we have an existing business relationship, such as law firms, accounting firms or financial advisory firms, for suitable candidates to serve as directors. It is followed by our board of directors' review of the candidates' resumes and interview of candidates. Based on the information gathered, our board of directors then makes a decision on whether to recommend the candidates as nominees for director. We do not pay any fee to any third party or parties to identify or evaluate or assist in identifying or evaluating potential nominee.

LEGAL PROCEEDINGS

We are not aware of any legal proceedings in which any director or officer, any proposed director or officer or any owner of record or beneficial owner of more than 5% of any class of voting securities of our company, or any affiliate of any such director or officer, proposed director or officer or security holder, is a party adverse to our company or has a material interest adverse to our company.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

During the last two years and except as disclosed below, none of the following persons has had any direct or indirect material interest in any transaction to which our company was or is a party, or in any proposed transaction to which our company proposes to be a party:

- (a) any director or officer of our company;
- (b) any proposed director or officer of our company;
- (c) any person who beneficially owns, directly or indirectly, shares carrying more than 5% of the voting rights attached to our common stock; or
- (d) any member of the immediate family of any of the foregoing persons (including a spouse, parents, children, siblings, and in-laws).

Pursuant to the terms of the Agreement, Dr. Miriam Kidron will provide us with consultant services during the clinical trials without compensation. We will pay \$200,000 to Hadasit for the costs of the clinical trials.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our executive officers and directors and persons who own more than 10% of a registered class of our equity securities to file with the Securities and Exchange Commission initial statements of beneficial ownership, reports of changes in ownership and annual reports concerning their ownership of our common stock and other equity securities, on Forms 3, 4 and 5 respectively. Executive officers, directors and greater than 10% stockholders are required by the Securities and Exchange Commission regulations to furnish us with copies of all Section 16(a) reports that they file.

To the best of our knowledge, all executive officers, directors and greater than 10% stockholders filed the required reports in a timely manner.
